

**US Army Corps
of Engineers®**

Two Rivers Harbor, WI

Harbor Features

- Located on the west shore of Lake Michigan about 82 miles north of Milwaukee and about 101 miles from Green Bay, WI.
- Authorization: River & Harbor Acts of 3 Mar 1871, 2 Mar 1907, 30 Aug 1935, 3 Jul 1958.
- Shallow Draft recreational harbor.
- Maintained depth ranges between 10 - 12 feet.
- Approximately 6,000 feet of maintained Federal channel.
- More than 2,700 feet of piers and revetments.
- Major stakeholders include US Coast Guard, Suzy Q Fish Market, City of Two Rivers and a variety of charter and sport fishing interests.

Project Needs

- Navigation structures are primarily maintained by Government floating plant. The north pier is in need of major rehabilitation. Design is currently underway for repairs to the north breakwater to help minimize wave action in this harbor.

Consequences of Not Maintaining the Project

- Loss of jobs locally.
- Loss of recreational and charter fishing in the area.

Transportation Importance

- This project serves as an important Harbor of Refuge as well as charter fishing and recreational navigation interests.
- The local community has established a significant infrastructure around the harbor facilities that generates income from harbor users and visitors to the area.
